

MADERO IS PRISONER
IN NATIONAL PALACEGeneral Huerta Pro-
visional President.MILITARY LEADERS
BETRAY THEIR CHIEFPeace May Now Prevail and Gen-
eral Election Will Soon
Take Place.

Mexico City, Feb. 19.—Francisco I. Madero has been forced out of the presidency. He was arrested at the national palace by General Blanquet.

General Victoriano Huerta, commander of the federal troops, was proclaimed provisional president.

About the time Madero was seized by Blanquet his brother, Gustavo Madero, the former minister of finance, was arrested by General Huerta, who was dining with him in a public restaurant.

All members of the cabinet were promptly placed under arrest, with the exception of Ernesto Madero, the uncle of the president, who held the portfolio of finance. He was apprised of the intentions against the government and escaped.

Notwithstanding the fact that some definite action was expected the coup d'etat at the palace caused a sensation and the exact status of affairs could not be ascertained for several hours.

The direct movement against Madero was the result of a plot which had been brewing since Monday and which possibly existed with Blanquet for a much greater length of time.

Blanquet Unwilling to Fight.

From the first it had been known that General Blanquet was unwilling to fight. His men were of the same mind. He held complete command over them and it was not doubted they would follow him in any adventure, which they did at the national palace.

The forces, numbering 1,000 men, which arrived, were sent immediately to the palace, ostensibly to relieve the reserves there. The reserves were sent into the field.

An agreement between Generals Blanquet and Huerta was reached Monday night, but the first intimation that Blanquet's men had of the new role they were to play was shortly before the successful stroke was made, Blanquet drew his men up in order and delivered a stirring speech.

"This inhuman battle must end," he said. "The time has come when some drastic means must be taken to stop a conflict in which father is killing son and brother is fighting against brother; when noncombatants are sharing the fate of war—and all this because of the caprice of one man."

Madero Taken Prisoner.

Blanquet then issued orders for the arrest of the president and assigned a detachment to that duty. Madero was soon a prisoner in his own rooms.

One reason for the attitude of General Blanquet from the beginning was the presence of his son in the ranks of Diaz.

When the arrest of the prisoner and his ministers became known crowds gathered in the streets through which they paraded shouting "vivas" for Huerta and Diaz. A conference was held between the representatives of these two generals and an agreement was reached whereby the appointment of General Huerta to the provisional presidency was proclaimed.

Prior to this, however, Huerta's attempt to communicate with Diaz precipitated one of the sharpest engagements of the day.

The fire from the rebel rifles and machine guns was long sustained. It was by no means certain at that time that the coup which had been carried out meant the end of hostilities.

Several Officers Wounded.

A few loyal members of Madero's staff rushed into the room when Madero was struggling with the soldiers and went to his rescue, but ineffectually. Captain Garmendia, who had just been appointed chief of police, advanced upon Colonel Riveroll, shooting and wounding him seriously. Immediately there was an exchange of shots and three or four members of the president's staff are said to have been wounded.

Just to make the records clear Madero had been given reasonable time to write his resignation. Failure to do this, it is said, will result in his being sent with his family to Vera Cruz, where they will be given the choice of outgoing vessels.

General Delgado, who acted as the emissary of Madero in the negotiations for an armistice Sunday, has been arrested. Huerta and his supporters did not trust Delgado to come into their plan.

Twenty men of the Twenty-ninth infantry of Blanquet's forces were entrusted with the duty of guarding the private rooms of the president at the beginning of the revolt in the palace.

FELIX DIAZ.

His Revolution Against
Madero Proves a Success.

HOUSE KILLS TONNAGE TAX

Action Is Final in Present Minnesota Legislature.

St. Paul, Feb. 19.—The tonnage tax bill was defeated in the house by a vote of 61 to 55, but not without a debate. Tonnage tax cannot come up again at this session of the legislature. It has been throttled in the house and as it is a measure providing for state revenue it cannot be introduced in the senate. The bill provided for a graduated tax per ton of iron ore mined in the state.

Without a dissenting voice the senate passed the Wallace-Fosseen bill, making property owners responsible for use of buildings for immoral purposes. Under the provision of the Wallace-Fosseen bill the property owner is made liable to civil suit and on conviction is subject to a fine of \$300 and the property to be vacated for twelve months.

The house by a vote of 84 to 4 passed a bill by C. N. Orr proposing an amendment to the constitution increasing the membership of the supreme bench from five to seven.

By a vote of 62 to 12 the house recommended for passage the H. H. Dunn anti-trust bill, after voting down an amendment by Thomas Kneeland to exempt labor unions from the broad provisions of the bill.

MEXICO CITY SHOWS
EFFECT OF SHELLINGResidents Experience Horrors
of Bombardment.

Mexico City, Feb. 18.—(By courier to Vera Cruz, Feb. 19.)—All the horrors of a bombardment have been experienced by the residents of this city for many days and to those that might be expected have been added the effects of vicious machine guns and rifle fire in the streets at a range sometimes of less than 100 yards. Scarcely a district of the capital has escaped injury. Over and through every quarter at some time shells have torn and screeched and exploded. Little round shells from automatic pompons have added to the terror and destruction.

Hundreds of buildings attest by their hole marked sides and wrecked interiors to the destructive qualities of modern artillery.

How many have been killed or wounded is a question which none can answer with any exactitude. It is doubtful whether even the government records will ever reveal the correct number.

From a source usually considered careful and conservative it has been stated that the number of dead is not less than 2,000, while the total of the wounded amounts to from 8,000 to 10,000. The great majority of these are not soldiers, but men, women and children unable to escape the lines of fire. This estimate was made after hearing the reports of scores of officers of the White and Red Cross societies and of hospitals.

OPPOSE MORE BATTLESHIPS

Economy Democrats Meet in Opposition to Clause in Naval Bill.

Washington, Feb. 19.—Economy Democrats in the house, who are organizing opposition to the two battleships in the naval appropriation bill, held another conference. The attendance was light, about twenty members attending, although last week's conference brought out sixty. After several hours of talk the conference adjourned without action. It was understood that the economy advocates will meet again as soon as the naval bill is reported to the house.

HOSTILITY TO AMERICANS

Wave Spread Over Tampico With Arrival of Battleship.

Washington, Feb. 19.—Simultaneously with the arrival of the American battleship Virginia at Tampico, Mex., there was a wave of anti-American feeling throughout the city and many hostile demonstrations. Americans and other foreigners are apprehensive of trouble.

RIVERS VS. ROADS
IS CONTEST DUE

Supporters of These Bills Are
Opposed.

ONE WOULD TAKE ALL MONEY

To Build Highways Government Would Have to Spend Unlimited Amount of Funds—This Would Hurt Rivers and Harbors Bill—Advocates of Latter Say Opponents Hit Army Engineers.

By ARTHUR W. DUNN.

Washington, Feb. 19.—[Special.]—There is a possibility of a contest in the future between the rivers and harbors men and the good roads advocates. There is not the least doubt that if the general government should ever become committed to the building of roads throughout the country there is no limit to the amount of money that will be demanded every year. Such appropriations will dwarf and possibly drive out of congress the big river and harbor bills.

When it comes down to actual facts the number of congressmen who are deeply interested in river and harbor appropriations is comparatively small. It is because their state or some portion of it is benefited that induces most of them to support the various bills which have been passed, together with the fact that most men believe that good navigation is of great assistance in regulating freight rates and thus aiding the whole country. But the time may come when the good roads appropriations will swamp river and harbor bills.

Reflecting on the Engineers.

Advocates of river and harbor appropriations insist that the severe criticisms which have been made against the various projects are really reflections on the engineers, that corps par excellence of the army. As a general rule criticism of the army officers is limited to individuals, and the engineers are almost beyond reproach. However, it matters not whether the bills are criticized or not they will continue to pass with large appropriations as long as the country demands better navigation facilities.

Could Reverse Himself.

Speaker Clark is not a bit afraid of reversing himself or of the charge of inconsistency. Not long ago the point of no return was made, which was evidently dilatory, and he so held. There was considerable argument on the subject, and finally Jim Mann pointed out that a similar case arose in a former congress when John Sharp Williams was minority leader and that Williams led a filibuster which Clark helped along for the remainder of the session.

"The gentleman who occupies the chair is right now and was wrong then," sentimentally remarked Champ.

Forest Reserve Protests.

As indicating opposition to the present forest reservation policy of the government Senator Bourne recently presented a petition signed by 226 residents of Oregon near the Siuslaw reservation in which they asserted that the forest reservation was detrimental to people in its vicinity, that it favored the man of means as against the poor man, that it helped the big lumber companies, that poor men could not get benefits from it, that the forest service was conducted by eastern theorists who knew nothing about the west and that the forestry service was conducting the reserves so as to continue and to create a wilderness instead of developing the country.

Many western men in congress have made similar assertions, but the forestry policy seems to have become a fixture all the same.

Want Bailey's Speech.

There is a great demand for the speech which Senator Bailey delivered just before he resigned. Senator Martin of Virginia wanted the speech printed as a public document so that it could be circulated to meet the requests for copies, but the watchful Smoot interposed the objection that such printing was not permitted. The speech will have to be printed at private expense, but it can circulate free in the mails.

The War Is Over.

When it is proposed without much opposition and general assent that a Grant-Lee memorial bridge shall be constructed to connect Washington with Lee's old home, Arlington, and that ultimately the United States shall join in a memorial of some kind to Jefferson Davis, we can really believe the war is over. And yet it was not very long ago that rather strenuous opposition developed to placing Lee's statue in memorial hall as a Virginia contribution. Now Mississippi can place a statue of Jefferson Davis in that hall without provoking any serious criticism.

Defrauding the Readers.

Those senators who talk for hours in executive session in order to filibuster against confining President Taft's appointments are defrauding the readers of the Congressional Record. John Sharp Williams and Claude A. Swan spent hours telling stories and delving into the forgotten past, using lots of information and anecdote which the record readers would have revealed in but which, because they occurred in executive session, are lost to them forever.

Jewelry Polished.

Jewelry's rouge rubbed well into chamois skin is handy to polish gold and silver articles with.

SECRETARY KNOX.

Expects a Rush for
Resignation Blanks.

© 1912 by American Press Association.

EVERYBODY GOING TO RESIGN

Taft Cabinet Is Preparing to Leave in a Body.

Washington, Feb. 19.—Before taking up the Mexican situation the cabinet considered a question almost as pressing—the resignations that are to be sent by its members to Mr. Wilson March 4. Everybody expects to resign. Probably a form letter on file in the state department for the use of cabinet officers, ambassadors and such who are seeking retirement and who have enough of public life will be used by Mr. Taft's official family. Mr. Knox is not expected to restrict the use of this letter to cabinet officers and there may be quite a rush at his department early in March.

RAIL HEADS AGREE
TO ARBITRATIONImminent Danger of Firemen's
Strike Is Averted.

New York, Feb. 19.—The imminent danger of a strike of 35,000 locomotive firemen, tying up fifty-four Eastern railroads, was averted by the consent of the railroad managers to arbitrate the controversy under the federal Erdman act. The news was taken to the representatives of the firemen's brotherhood by Judge Martin A. Knapp of the commerce court and Acting Commissioner of Labor Hanger, the government mediators, who had for days been working to bring the disputing parties together.

The firemen held out for arbitration under the Erdman act, which provides for three arbitrators, one representing each side in the dispute and a third of disinterested standing. The railroads had opposed such means of arbitration, claiming that the act gave the third arbitrator entire control over the proceedings, thus putting too much responsibility in the hands of one man.

PASSES SENATE
BY BIG MAJORITYORDER MUST BE
FULLY RESTORED

United States Will Watch Mexican Government.

HONEYCOMBED WITH STRIFE

Several Revolutionary Movements Still Exist in Southern Republic and the American Authorities at Washington Will Be in No Hurry to Accord Political Recognition to New Mexican Administration.

Washington, Feb. 19.—With the government of President Francisco I. Madero fallen and General Victoriano Huerta proclaimed president of Mexico it devolves upon American Ambassador Henry Lane Wilson at once to treat with the de facto Mexican government for the protection of Americans throughout the republic.

Political recognition of the government, which emerged out of the travail through which Mexico has passed during the last two years, will be a slower proceeding. But with several Americans killed, many wounded from the bullets of the contending forces in Mexico City and thousands rendered homeless because of the slaughter and carnage which have resulted from the firing in the streets of the city, Mr. Wilson's first duty will be to treat with the new president for amelioration of the conditions imposed upon Americans and other foreigners, especially since the revolution entered its last stages.

While this government will take no concern over the choice of a successor to President Madero such a successor will have to demonstrate his ability to maintain a stable government before political recognition will be accorded him by the United States. Mexico is honeycombed and torn asunder by many revolutionary movements. The principal of these are the Orozco movement in the north and the Zapata uprising in the south. Lawlessness has become rife and robber bands, masquerading as revolutionists, have sent terror through the states of Mexico and the Rio Grande to Yucatan.

In order to lay claim to political recognition from the United States this government will demand that the new president, be General Huerta or some other, must put an end to these disturbing elements, restore order and establish the workings of justice in the states.

Taft Cannot Complete Task.

The formality of political recognition, in all likelihood, will fall to the administration of President Elect Wilson. There would hardly be time for the negotiations in the remaining few days of President Taft's term of office. In the event that Ambassador Wilson's term as representative of the United States in Mexico's capital should close with the administration which sent him there it would first be necessary for the president of the United States to appoint his successor.

The news found this government still firm in its policy of nonintervention and unwavering in its preparation, upon a moment's notice, to strike an aggressive blow for the defense of American citizens should occasion demand it. Although the change, which it is believed will bring relief from the intolerable conditions following in the wake of ten days of bloody fighting, was welcome to those who carry the burdens of state, official Washington had no comment to make on the outcome.

Dispatches from American Ambassador Wilson confirmed the salient features of Madero's fall and Huerta's rise to power, but state department officials withheld their opinion. No one sought, however, to conceal satisfaction in the assurance of protection to life and property which the re-establishment of order in Mexico City would bring to the thousands of Americans and other foreigners for whose safety this government is responsible before the world.

Although the step which would have sent American soldiery into Mexico had not been taken every branch of the defensive arm of the service was organized to its highest efficiency. The word of command was all that was necessary to send troops across the border from the Texas frontier, or to land bluejackets and marines from the six warships already swinging at anchor on the Atlantic and Pacific coasts of the disturbed republic.

MINISTER ATTACKS A JUDGE

Wields Chair in Discussion on Church Business.

Knobnoster, Mo., Feb. 19.—Rev. W. T. Logan, pastor of a local church, during a discussion of church business with Judge B. F. Summers here seized a chair and struck Summers over the head until bystanders interfered. The minister then voluntarily appeared before a justice of the peace, pleaded guilty and was fined. Judge Summers is a wealthy member of Mr. Logan's congregation and one of the county judges.

Immigration Measure Overrides
President Taft's Veto.

HOUSE MAY FALL INTO LINE

Only a Few Senators Speak in Support of the Chief Executive's Position—Messrs. Lodge and Dillingham Declare Great Harm Would Result to United States if Bill Fails to Become Law.

Washington, Feb. 19.—The Burnett-Dillingham immigration bill, vetoed by President Taft because it imposed a literacy test upon immigrants, was passed over the president's veto in the senate by a vote of 72 to 18. The overwhelming majority given at the end of a short debate, in which President Taft's attitude was vigorously criticized, has strengthened the probability that the bill will be passed over the veto in the house when it is called up.

Support of the president's position was voiced by only a few senators during the debate. Senators Lodge and Dillingham, leading the fight to override the president, declared the measure contained so many important provisions for the exclusion of criminal, diseased and insane aliens that great harm would result to the United States if it did not become law.

SUFFRAGISTS AT WILMINGTON

Pilgrim Band Is Footsore and Nearly Exhausted.

Wilmington, Del., Feb. 19.—Footsore and nearly exhausted from the effects of their week's tramp the little band of pilgrims bound from New York to Wilmington dragged themselves into Wilmington with undiminished ranks, although "Colonel" Craft, the last to arrive, has a seriously injured ankle and walked the last few miles on pure nerve.

"General" Rosalie Jones literally stumbled into this state. She tripped over a stone at the boundary line and picked herself up in Delaware.

Despite their weariness the marchers conducted meetings in the interest of women suffrage amendment to the state constitution, now before the legislature.

ORDERS NEW NICKEL COINED

Government Officially Adopts Five-Cent Piece.

Washington, Feb. 19.—Coinage of the new nickel was ordered by Secretary MacVeagh despite objections of certain slot machine interests. It will be placed in circulation in a week.

The protests against the new coin dwindled to one manufacturer, who asserted it would interfere with efficacy of his machine for the detection of counterfeit nickels. Treasury officials held this was not controlling on the government and the new 5-cent piece with an Indian head on the face and a buffalo on the reverse was adopted officially.

EXTRA SESSION IN APRIL

Report Now Current Among Democratic Leaders.

Washington, Feb. 19.—The report was current among Democratic leaders in the house that the extra session of congress would be called to convene in the first week of April. The committee on ways and means at work on the tariff revision is proceeding on the principle that it cannot take binding action as a committee until its personnel is completed as a committee of the incoming congress and the question of a Democratic caucus earlier than has been contemplated is being considered.

FOUR CHILDREN DIE IN FIRE

Mother Locked Them in House Which Took Fire After She Left.

Brookville, Ky., Feb. 19.—Four children of Joseph Hatfield were burned to death when their home at Santa Fe, near here, was destroyed by fire. The mother had gone to a neighbor's home for water and locked the children in the house. When she returned she found the house in flames. The children ranged in age from three months to five years.

LARGEST PENSION BILL YET

Measure Carrying \$180,000,000 Is Passed by the House.

Washington, Feb. 19.—The largest pension bill ever reported to congress, carrying appropriations aggregating \$180,000,000, was passed by the house by a vote of 236 to 40, with an amendment which will make necessary an additional appropriation of more than \$1,000,000.

A small number of Democrats, led by Representative Roddenbery of Georgia, made futile efforts to add amendments to bar from the pension rolls veterans having incomes exceeding \$1,000 a year.

It is estimated that something more than \$1,000,000 is paid annually to veterans who would have been barred by this paragraph.

SHERIFF'S SALARY
RAISED TO \$1800

So Set by Judge McClenahan Who
Heard His Appeal From County
Commissioners' Figures

FORMER SALARY WAS \$1200

Pay Under New Salary Starts Febru-
ary 5—Arguments Heard on
Tuesday Afternoon

The salary of the sheriff has been
set at \$1,800 annually and Fred Reid
was successful in appealing for an in-
crease of salary. He objected to the
amount allowed by the board of coun-
ty commissioners and appealed to the
district court, Judge W. S. McClenahan
hearing the matter in chambers
Tuesday afternoon.

The commissioners were represented
by County Attorney G. S. Swanson.
The sheriff had Alderman & Clark as his attorneys.

Mr. Reid had served four years at
an annual salary of \$1,200. At the
January meeting the board of coun-
ty commissioners raised his salary to
\$1,400 a year. This figure did not
suit Mr. Reid and he carried it to the
courts as already indicated. He was
backed by various affidavits to sup-
port his contention for an increase.
He asserted that he saved the coun-
ty much money by keeping a team
and making no charges for its use.

The protest led by Chairman
Erickson of the board of county com-
missioners, was to the effect that
\$1,400 was a fair salary and that
\$1,800 was too high.

In summing up the matter Judge
McClenahan said that conditions in
Crow Wing county were gradually
changing. A sheriff on the mining
ranges was entitled to more pay than
any other county officer. He took
more risks. The pay of a sheriff in
an agricultural county was less and
should be less than that of a sheriff
in a mining county. The sheriff's
office could not be compared with
that of any other county officer.
Within the last four or five years sev-
eral sheriffs had been killed in this
judicial district while in the dis-
charge of their duties. One lost his
life in Cass county and one in Bel-
trami county. One was also badly
wounded in the latter county.

More was being asked of a sheriff
in the mining county. He must be
ready day or night to respond to a
call. He must be a man of good
judgment and experience and capable
of acting promptly and correctly in
emergencies. As an instance the
Judge cited the strikes on the Mesaba
range in Itasca county of which sit-
uation the sheriff of that county had
full control and had hundreds of de-
puties under him. Again at Duluth
during the street car riots, the sher-
iff of St. Louis county was responsi-
ble for the preservation of order.

Sheriff Reid's pay under the new
salary allowed dates from February
5.

ZO OINTMENT fails to cure any case of
itching, blind, bleeding or protruding
files in 6 to 14 days. 50c. mwf

The Girl From Rectors

"The Girl From Rectors" was the
bill at the opera house last night.
The play is thoroughly vicious, in
fact disgustingly so, and there was
no merit whatever in its production.
The police powers of the state should
be invoked to suppress plays of this
character.

W. S. Skelton, a merchant at Stan-
ley, Ind., says he would not take
\$100.00 for the relief a single box of
Foley Kidney Pills gave him. "I had
a severe attack of kidney trouble with
sharp pains through my back and
could hardly straighten up. A single
box of Foley Kidney Pills entirely re-
lieved me." H. P. Dunn, druggist.—
Advt. mwf

White Africans.

The Berbers, who, although African,
are as white as Europeans, are the
oldest white race on record, says an
explorer. They are supposed to have
come from the south of Europe in an-
cient days. The Dundee Advertiser
says, and, although their language and
customs are entirely different from
ours and their religion Mohammedan,
they are probably closely akin by de-
scent. Blue eyes and fair hair are
not at all uncommon among the Ber-
bers, and many of them have rosy
cheeks and features so like English-
men that were they dressed in British
fashion they would easily pass as na-
tives of the British Isles.

FRIENDSHIP.

Bad qualities in a friend are false
lights. They lure to evil. Many of
us are constituted so that it is easy
for us to form friendships. Let us
be careful of those thus brought
under our influence and power.
Let us keep them unsoiled. Let us
feel that grave responsibilities lie
in our friendships and that they also
enrich our opportunities.

F. E. Walling, a farmer living near
Yukon, Mo., strongly recommends Fo-
ley's Honey & Tar Compound and
says: "I have been advised by my
family doctor to use Foley's Honey &
Tar Compound for my children when
there was a cough medicine needed.
It always gives the best of satisfac-
tion and I recommend it to others."
H. P. Dunn, druggist.—Advt. mwf

GUSTAVO MADERO
IS EXECUTED

Special to Dispatch:—
Mexico City, Feb. 19.—Gustavo Ma-
dero, brother of the deposed president
was removed from the penitentiary
at 9 o'clock this morning and execut-
ed. It is presumed this was done
by order of Felix Diaz under the no-
torious "Fugitive Law." Francisco
Madero, the deposed president, was
later taken under heavy guard from
the national palace and lodged in the
arsenal.

NORTH STAR ENTERTAINMENT

Program to be Given at Labor Tem-
ple Hall by Society on Friday
Evening, Feb. 21

Brainerd Observatory No. 62 of the
North Star Benefit Association will
give an entertainment at Labor Tem-
ple hall, corner Seventh and Laurel
streets, on Friday evening, February
21. All members are asked to come
and bring a friend. The program
follows:
Cornet solo -----Christ Elvig
Speech -----G. S. Swanson
Whistling solo -----Mrs. H. A. Wilson
Duet -----Miss Wilson, Miss Soderlund
Violin solo -----J. A. Hoffbauer
Solo -----Al. Swanson
Piano solo -----Henry Elvig
Duet -----Myrtle Bredenberg and Helen Shel-
berg

Refreshments will be served at the
close. A large attendance is antici-
pated.

For the information of members it
may be stated that the North Star
Benefit association holds its regular
meeting on the fourth Wednesday of
each month at Labor Temple hall.

GREAT EXPECTATIONS

Gordon Solberg, Aged 16, Throws up
Sponge After a Week's Work
in St. Cloud

After struggling for a week to
make a living for himself, Gordon
Solberg, aged 16 years, of Brainerd,
found the task too hard and threw
up the sponge. The young man left
home last Monday and after arriving
in this city found temporary employ-
ment at the Riverside hotel. The
dreams he had always had of how
easy money would roll into the pocket
after being able to shift for him-
self, failed to materialize. His moth-
er, Mrs. N. M. Cochrane of Brainerd,
was notified and she immediately
wired funds for the boy to return
home.—St. Cloud Journal-Press.

GOING MILE A MINUTE

Dr. J. L. Camp, Summoned to Sta-
ples, Travels the Distance on
Engine in 35 Minutes

An engine made the trip from
Brainerd to Staples, thirty miles, in
35 minutes, equalling a mile a min-
ute gait. It carried Dr. J. L. Camp,
who had been called in consultation
with Dr. Ellis on the case of Con-
ductor Fred Knowles' child. Al-
though everything possible was done
to relieve the little sufferer, she
passed away Wednesday afternoon.

RAILROAD NOTES

New York.—At a meeting of the
executive committee of the Northern
Pacific railway company, President
Elliott said that the most recent fig-
ures received regarding operations
for January indicate an increase of
at least \$1,000,000 in gross receipts.
This is better than foreshadowed in
the earlier estimates.

The result is satisfactory, particu-
larly in view of the severe weather
during a part of the month and the
heavy snowfall on the Cascade range.

The Northern Pacific is making
progress in train loading, the average
for the system for December having
been 661 tons, against 638 for the
first six months of the present fiscal
year. The latter figures are in com-
parison with only 590 tons for the
corresponding period of the previous
year. Mr. Elliott said that the Nor-
thern Pacific management would en-
deavor to increase materially the best
loading yet made.

Transportation costs are being cut
down gradually. At present they are
satisfactory, in view of the large
number of empty cars which it has
been necessary to haul westward dur-
ing the heavy grain movement.

Finnigan, whose train was "off
again, on again," has a rival in Dona-
hue, B. & O. S. W. freight conductor,
whose train suffered a breakdown re-
cently, "said the old-time operator
yesterday, "at which time he sent the
following dispatch to the superintendent:
"Twenty-two has a busted flue.
What will I do? Donohue."
"This awakened the slumbering
muse in the telegraph office and the
reply ran:
"Wait Twenty-eight will take
your freight. I. M. Straight."
And still there are people who
think that life on the rails is all hard
prose.—Duluth News-Tribune.

REST AND HEALTH TO MOTHER AND CHILD.

MRS. WINSLOW'S SOOTHING SYRUP has been
used for over SIXTY YEARS BY MILLIONS OF
MOTHERS FOR THEIR CHILDREN WHILE
SLEEPING, WITH PERFECT SUCCESS. IT
SOOTHES THE CHILD, SOFTENS THE GUMS,
ALLAYS ALL PAIN, CURES WIND COLIC, and
is the best remedy for DIARRHOEA. It is ab-
solutely harmless. Be sure and ask for "Mrs.
Winslow's Soothing Syrup," and take no other
kind. Twenty-five cents a bottle.

MASONS WILL
CELEBRATE FEB. 22

Washington Birthday to be Made
Occasion of a Class Initiation
By Aurora Lodge

A SUPPER WILL BE SERVED

Past Masters of Order Will Officiate
As Officers Exemplifying
Third Degree

Aurora Lodge, No. 100, A. F. & A.
M., will celebrate Washington's
birthday by the initiation of five can-
didates who will be given the third
degree by past masters of the lodge
officiating as the several officers of the
lodge.

Washington's birthday, February
22, is always a day observed by ma-
sonic circles in all parts of the United
States. George Washington was a
Mason of renown and shed luster on
the pages of the history of this coun-
try as well as the scrolls and records
of Masonry.

Those taking part in the exem-
plification on the degree work and the
periods during which they served as
past masters of Aurora lodge are
given as follows:

Edward Crust, W. M.—1902, 1903,
Judd Wright, S. W.—1904, 1905,
J. P. Anderson, J. W.—1907,
Geo. O. Whitney, S. D.—1906,
G. D. LaBar, J. D.—1908,
Geo. H. Warner, S. S.—1910,
B. S. Mallory, J. S.—1883-84-84-95,
Milton McFadden, Sec'y.—188-90,
M. H. Nelson, Treas.—1911-12,
H. W. Kitchen, Tyler.—1913,
G. F. Mitchell, Ill at the Northern
Pacific sanatorium, was by right of
succession to be the worshipful mas-
ter at these ceremonies. He is un-
able to leave the hospital and sadly
regrets his inability to be present.

At 6:30 a supper will be served and
after the collation the degree work
will be resumed. The ladies of the
Methodist church will have charge
of serving the supper.

Invitations have been sent to the
Masons of Crosby, Aitkin, Staples and
Little Falls and an attendance of
from 150 to 175 is expected at the
ceremonies.

Trebbly Builds Ice Pier

The Little Falls Transcript says:
S. Trebbly has been given the con-
tract to construct an ice break pier
just north of the Fort Ripley bridge
for a price of \$400. Mr. Trebbly
states that work will begin on the
pier in a few days. The cost will be
shared equally between Morrison and
Crow Wing counties.

Keep the little ones healthy and
happy; their tender, sensitive bodies
require gentle healing remedies. Hol-
ister's Rocky Mountain Tea will make
them well and strong; regulates their
stomach; makes them eat and grow.
Try it tonight. H. P. Dunn.—Advt.

Twenty-Five Cars of Laborers

The St. Cloud Times says: Con-
struction work on the Great North-
ern lines will be commenced early
this season. Twenty-five carloads of
Italian and Greek laborers arrived in
St. Cloud this morning. Until the
men are sent to the construction work
they are to be employed in the local
yards loading ties and other supplies
to be used in their work at the open-
ing of the season. The men may later
be engaged upon the double tracking
and straightening the right-of-way
west of the city or may be sent on to
western construction jobs.

LOERCH ITEMS

Gladys Miller and Henry Howard
were visiting at Dullum's last Sun-
day.

Mr. Tom Pederson and family
called at Aspholm's Sunday.

We have another new neighbor.
Their names are unknown to us, but
they'll soon get acquainted.

Those who were calling at As-
pholm's Sunday were Mr. and Mrs.
Dalton and children, Mr. and Mrs.
Miller and daughter, Mrs. Everest
and children.

Mrs. A. H. Aspholm and the Misses
Maybelle Dullum and Georgia Clark
were in Brainerd last Thursday.

Miss Nellie Everest spent Friday,
Saturday and Sunday with her par-
ents in Brainerd.

Mr. and Mrs. Martin Leckscheldt
were visiting at Aspholm's Saturday
evening.

Mrs. H. Eklund is seen on the
streets of Brainerd quite often of late.

Mr. and Mrs. A. H. Aspholm, Nel-
lie Everest and Oscar Parson spent
Monday evening at Fredsams.

George Keough was hauling saw-
dust from Dullum's mill last Monday.

Mr. A. C. McIntyre is on the sick
list, he being the last of the family
to have the grippe.

Miss Everest wishes to say that
there will be no vaudeville show in
the school house of Dist. No. 5. The
children are practicing for an enter-
tainment to be given in the near fu-
ture.

OLD LADY.

When Burton Holmes recently gave
his celebrated travelogue on "Pana-
ma" at Orchestra Hall, Chicago, he
was seriously interrupted by contin-
ual coughing of the audience. No
one annoys willingly and if people
with coughs, colds, hoarseness and
tickling in throat would use Foley's
Honey & Tar Compound, they could
quickly cure their coughs and colds
and avoid this annoyance. H. P.
Dunn, druggist.—Advt. mwf

DISPATCH ADS PAY—TRY ONE

PULP MILL PAYDAY

Mill of the Northwest Paper Com-
pany Disburses \$2,000 on its
Payday This Month

The pulp mill of the Northwest
Paper company, situated at the dam
in Northeast Brainerd, disbursed \$2,-
000 at its payday this month. Thirty
men, working two shifts of 15 men
each, are employed by the company.
Thomas G. Johnson is the superin-
tendent of the local plant. The
money paid out in wages by this com-
pany and its situation in the extreme
north end of Northeast Brainerd does
much to enliven that section of
Brainerd and performs its part in cre-
ating and maintaining the general
prosperity visible in Brainerd.

IRON & STEEL REVIEW

Tonnage of Finished Steel Products
Mills Continues Equal to Pro-
ductive Capacity

Business in finished steel products
continues to come to the mills in ton-
nage almost equal to the productive
capacity. Shipments, however, ex-
ceeded current orders while current
output is as large as conditions will
permit. The largest interests are
running 98 per cent which is practi-
cally full.

The January statement of the United
States Steel corporation makes it
possible to estimate the activities of
the industry generally. The indica-
tions are that all of the steel com-
panies produced about 2,430,000 tons
of finished steel products last month.
Shipments are estimated to have been
close to 1,150,000 tons and new or-
ders aggregating about 1,650,000
tons.

The railroads are prominently in
the market for equipment.

Conductor S. L. Miller, Norfolk,
Neb., on Bonesteel Division of C. &
N. W. Ry. Co., recommends Foley
Kidney Pills and says: "I have used
Foley Kidney Pills with very satis-
factory results and endorse their use
for any one afflicted with kidney
trouble. They are all right." H. P.
Dunn, druggist.—Advt. mwf

One Democrat For County Option

In commenting on the county op-
tion vote in the house the Minneapo-
lis Journal has the following to say
of the line up:

The democratic vote was, as usual,
practically solid against county op-
tion. There were eighteen demo-
cratic votes against the bill and one,
that of L. W. Vasaly of Little Falls,
for the bill. Albert Pfander, who
was absent is against county option.
The fifty-nine votes for county op-
tion were cast by fifty-six republi-
cans, one democrat, one prohibition-
ist and one socialist. The fifty-nine
votes against the bill were cast by
forty-one republicans and eighteen
democrats. One republican, W. H.
Wescott, was absent. He was against
the bill. The Hennepin delegation
split just even on the bill, eight for
and eight against. Ramsey county
cast three votes for the bill and eight
against.

\$100 REWARD, \$100

The readers of this paper will be
pleased to learn that there is at least
one dreaded disease that science has
been able to cure in all its stages, and
that is catarrh. Hall's Catarrh Cure is
the only positive cure now known to the
medical fraternity. Catarrh being a con-
stitutional disease, requires a constitu-
tional treatment. Hall Catarrh Cure is
taken internally, acting directly upon the
blood and mucous surfaces of the sys-
tem, thereby destroying the foundation
of the disease, and giving the patient
strength by building up the constitution
and assisting nature in doing its work.
The proprietors have so much faith in
its curative powers that they offer One
Hundred Dollars for any case that it
fails to cure. Send for list of testimo-
nials.
Address: F. J. CHENEY & CO., To-
ledo, O.
Sold by Druggists, 75c.
Take Hall Family Pills for constipa-
tion.

CROSS LAKE

H. L. Allen has gone to work near
Bena.

John Beavers has a very sick horse.
Clarence Erickson is sawing lath
for Kickerson & Wooseff.

We have two saw mills near here
and the citizens are cutting and
hauling logs. One of the mills is
near John Beavers, and the other,
which is also a lath mill is near Woo-
soff's.

Wm. Buchite brought a wolf hide
before the town clerk Friday. The
clerk says that this makes thirteen
brought in this winter.

J. H. Allen and Frank Gordon are
hauling three hundred logs to the
saw mill near Beavers.

The game warden was up in this
country last week looking after the
fishers. Incidentally he ran across
the justice of the peace, a short spear
on his shoulder and wending his way
toward Charley Ostlund's fish house.

The circumstantial evidence was
strong and the justice was asked to
disgorge a dollar, which he did, the
warden promising to send a license.

The warden did not know the justice,
so he did not "look the other way."
The justice did not know the warden,
or he might have "dodged." Now
the justice is in position to try the
fish cases, as he has a license.

Health Warning

Chilled and wet feet result in con-
gesting the internal organs, and in-
flammation of the kidneys and blad-
der, with rheumatic twinges and pain
in back, generally follow. Use Fo-
ley Kidney pills. They are the best
medicine made for all disorders of
the kidneys, for bladder irregularities
and for backache and rheumatism.
They do not contain habit forming
drugs. Tonic in action, quick in re-
sults. H. P. Dunn, druggist.—Advt. mwf

Do not delay
The Selecting of Wash Fabrics
Particular the gingham

These are the days when we have the very best selection of wash
fabrics to be had during the entire season.

The choice patterns out of our first shipments are now being se-
lected and you should be among those who will select early.

We have a very large line of gingham at 10c, 12½ and 15c the
colorings of which are most desirable.

Then, the tissues at 17½c and 25c are not to be equalled in quality
at these prices. May we not show you.

We give 2% Stamps "MICHAEL'S"

pedition.

CROCKER LAND PARTY READY

Word is Received From Lang Expedi-
tion, Returning From Africa With
30,000 Specimens, Including White
Rhinos—Another Party Ready to
Explore South American Seas.

Announcement was made by Presi-
dent Henry Fairfield Osborn of the
American Museum of Natural History,
at the annual meeting of the board of
trustees recently in New York, of im-
portant plans for exploration in the
arctic regions, which will be visited
by two expeditions this year.

The second Stefansson expedition,
now being organized, will start for the
Arctic seas in July. It will be under
the leadership of Vilhjalmur Stefans-
son, who discovered the race of blond
Eskimos near Coronation gulf. Presi-
dent Osborn announced in his annual
report that the exploration party was
being organized to extend over three
years and that Mrs. Morris K. Jesup
has contributed \$25,000 to the expedi-
tion fund to aid in the work of re-
search.

The National Geographical society is
also co-operating with the American
museum in organizing the second Ste-
fansson arctic expedition and has con-
tributed a fund of \$22,500.

The Crocker Land expedition, which
was postponed, owing to the death of
George Borup, has been reorganized
and will leave early in July to explore
the land northwest of Grant Land, ob-
served by Peary in 1909.

This expedition will be conducted by
Donald B. MacMillan, who was to be
a co-leader of the party, with Mr. Bo-
rup.

After exploring Crocker Land it is
proposed to divide the party, one sec-
tion going to Cape Thomas Hubbard
for exploration north of the Peary is-
lands and to connect, if possible, with
the third Stefansson expedition.

The museum has received news of
the Lang expedition, which is return-
ing from Africa with more than 30,000
specimens from the Congo region, in-
cluding the white rhinoceros, the giant
eland and the rare okapi. A duplicate
collection has also been obtained from
the Congo museum of Tervuren, near
Brussels.

Many Valuable Trophies.

The third African expedition, under
the leadership of William S. Hainsford,
the former rector of a New York
church, has many valuable trophies of
big game, which will be mounted in
groups at the museum.

Another expedition has been organ-

ROGER LAKE BRIEFS

The Roger Lake school opened Mon-
day after a vacation of six weeks with
Miss Esther Cards of Brainerd as
teacher.

Mr. Arthur Stucke returned from
the west where he has been all win-
ter until now to spend some time
with his parents, Mr. and Mrs. Fred
Stucke.

Several people of Roger Lake went
to Aitkin Thursday with ties.

Mrs. F. Stucke had a fainting spell
Wednesday, but is much better now.

Mrs. F. Richter spent Friday with
her parents, Mr. and Mrs. I. Baker.

Mr. Gilman Harrison called at the
Stucke place Friday.

W. N. Holbrook took dinner at the
Stucke home Thursday.

Miss Lydia Stucke visited at the
Olson place Saturday.

Miss Margaret Moritz and Mrs.
John Moritz called at the Wm. Mor-
itz place Saturday.

Fred and Howard Stucke called at
the Johnson home Sunday.

Mr. Frank Richter was the guest
of Mr. and Mrs. Peter Olson Tuesday.

Cause for Alarm

Loss of appetite or distress after eating—a symptom that should not be disregarded.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, healthiest persons are moderate eaters. Nothing will cause more trouble than a disordered stomach, and many people contract serious maladies through disregard or abuse of the stomach.

We urge all who suffer from indigestion, or dyspepsia, to try Rexall Dyspepsia Tablets, with the understanding that we will refund the money paid us without question or formality, if after use you are not perfectly satisfied with results.

We recommend Rexall Dyspepsia Tablets to customers every day, and have yet to hear of one who has not been benefited. We believe them to be without equal. They give prompt relief, aiding to neutralize acidity, stimulate flow of gastric juice, strengthen the digestive organs, and thus promote perfect nutrition and correct unhealthy symptoms. Three sizes, 25 cents, 50 cents, and \$1.

You can buy Rexall Dyspepsia Tablets in this community only at our store:

JOHNSON'S PHARMACY
BRAINERD The *Rexall* Store MINNESOTA

There is a Rexall Store in nearly every town and city in the United States, Canada and Great Britain. There is a different Rexall Remedy for nearly every ordinary human ailment, each especially designed for the particular ill for which it is recommended.

The Rexall Stores are America's Greatest Drug Stores

URGES RAW WHEAT AS FOOD.

Dr. Harvey W. Wiley Declares Pint Would Sustain Family For Days.

"Half of the children of the United States are starving, and under the very shadow of the nation's capitol there are 17,000 who are underfed. The very foundations of the government are threatened."

This statement was made recently by Dr. Harvey W. Wiley before an audience of a thousand, who applauded him repeatedly. He said:

"People do not know what to eat. Farmers take more care of their cows than they do of their children. Wheat in its natural state is the best balanced food for the muscles and the mind."

Dr. Wiley told how to make enough breakfast food from a pint of wheat to last a family of four for four days at a cost of a cent and a quarter a day. He said all that was necessary was to grind the wheat in a coffee mill and prepare it as ordinary mush is made.

APPLES AS A CURE FOR DRINK.

Chicago Clean Food Club Sells Fruit to Injure Liquor Traffic.

The Chicago Clean Food club sold 15,000 barrels of apples one day recently. To put this quantity of apples in circulation required the service of twenty-five commission firms, 3,000 grocers and 1,000 women inspectors. The apples were sold to poor families at a price of \$1.00 to \$2.75 a barrel.

"The 1st of January there were 5,000,000 barrels and 6,000,000 boxes of apples in cold storage in the United States," said Mrs. J. C. Bley. In 1912 25 per cent of the stored apples had to be destroyed because they were held too long. The people need apples and will buy them if the price is not too high. Any man or woman who eats apples will not drink liquor. The apple is doing wonders in the way of liquor cure."

The Alternative.

At a fancy dress ball for children a policeman was stationed at the door and was instructed by the committee not to admit any adults. Shortly after the beginning of the ball a woman came running up to the door and demanded admission.

"I'm sorry, mum," replied the policeman, "but I can't let any one in but children."

"But my child is dressed as a butterfly," exclaimed the woman, "and she has forgotten her wings."

"No matter," replied the policeman; "orders is orders, so you'll have to let her go as a caterpillar."—London Answers.

Called the Bluff.

William Coke, from whom billycock hats derive their name, played a strange trick on the Grand Duke of Mecklenburg-Strelitz when he visited Hockham in 1823. At dinner one evening the talk turned on accidents at the coast side, and the grand duke declared that if any one peppered him, even by accident, he would kill the offender on the spot. Next morning when out after partridges his serene highness felt a shower of shot stinging his legs. Turning round furiously, he saw William Coke with a gun aimed in his direction. "I've another muzzle ready," said William. "Will you shoot?" The invitation was not accepted.—London Chronicle.

It's Up to You.

If you don't like your bed don't lie in it. Just get up and make it again.—Judge.

**MADAM! IF YOU DON'T FEEL RIGHT
TAKE DELICIOUS "SYRUP OF FIGS."**

Waste-clogged bowels, torpid liver and decaying food in stomach cause the sick headache, gas, backache, sallowiness, biliousness and indigestion.

All women get bilious, headachy, and constipated—simply because they don't exercise enough. They don't eat coarse food, or enough fruit and green vegetables. Those are nature's ways of keeping the liver and thirty feet of bowels active; but very few women employ them. The next best way is delightful, fruity Syrup of Figs.

Nearly all ills of women can be overcome with Syrup of Figs alone. There is no need to have sick headache, backache, dizziness, stomach sour and full of gases, bilious spells, sallowiness, coated tongue, bad breath, bad complexion, nervousness and depression. The surest and safest remedy is one or two teaspoonsful of delicious Syrup of Figs. Try this tonight—you'll feel splendid in the morning when the sour bile, clogged

up waste and poisonous matter have been gently but thoroughly moved on and out of your system, without nausea, griping or weakness. Your head will be clear, complexion rosy, breath sweet, stomach regulated; no more constipation, gases, pains and aches.

It is simply a matter of keeping your stomach, liver and bowels clean and regular. Then you will always be well—always look and feel your best.

But get the genuine—the old reliable. Ask your druggist for "Syrup of Figs and Elixir of Senna." Refuse, with contempt, the so-called Fig Syrups sometimes substituted to fool you. The true, genuine, bears the name California Fig Syrup Co.; look for this on the label.

Adv.

PERSONAL PROPERTY TAXES DUE FOR 1913

The following is the list of personal property taxes of 1912 due and payable on or before February 28, 1913. The city of Brainerd will be taken up first and continued day by day until completed and then townships will be listed:

"TRY-NEW-LIFE" Makes the Body Strong and Vigorous

Relieves Pain,
Quiets the Nerves,
Brings Sound Sleep,
Insures a Healthy Circulation
and Puts New Energy into
the Whole Being.

Develops the Muscles—Builds Up Body Tissues

Is your body weak? Have you an undeveloped arm or leg? Is your neck thin and scrawny? Are you lacking in strength and vigor?

"Try-New-Life" will positively help you.

Not even walking will develop and all out and restore to health and strength a shrunken leg as will "Try-New-Life."

Not even dumbbells will swell out and harden the muscles and bring back the vigor to a weak arm as will this marvelous little machine.

No amount of ointment or rubbing exercise will make the neck full and firm and round as easily and quickly and naturally as "Try-New-Life."

The very first treatment will convince you of the marvelous reconstructive powers of this little wonder worker. The tired quivery feeling will pass away in a moment, and you will get a glow of warmth and life and vigor that will amaze you.

You are not half living if you go about daily suffering pain, worried because you are nervous, afraid your strength is going from you, not daring to do the work you want for fear you

will break down. You are not living—you are merely existing. And you are not giving yourself a square deal if you go on this way without giving "Try-New-Life" a chance to restore your health.

Relieves Pain Quickly

For the relief of pain, the stimulation of Nature to cure disease, and the building up of a strong and healthy body, no matter how it has been weakened, nothing ever equalled "Try-New-Life" the latest and most important scientific discovery.

Not even strong drugs, which deaden the nerves but do not remove the cause of the trouble, ever relieved pain as quickly as does this wonderful little machine.

No tonic, however strong and however good, ever built up the tissues of the body into strength and vigor as "Try-New-Life" does.

And no system of exercise can reach the smaller muscles, the neglected nerves and blood vessels and vital organs, massaging and stimulating and exercising them with the same effect as this magical little machine.

This has been proven absolutely in thousands of cases all over the country.

try. The results in most cases have been surprising.

Better even than the relief of pain is the building up of a body weakened from whatever cause—and this "Try-New-Life" does as surely as it takes away the pain.

Banishes That Tired Feeling

After a few minutes' treatment a man feels a new impulse of life. The tired worn-out feeling gives way to a sense of manly strength, vigor, capacity for hard work and quick thinking. It is not the unhealthy stimulation of alcohol, but the natural result of the machine's action on circulation, stirring up the veins to carry away the worn-out matter, and the arteries to send rich, red blood to rebuild the tissues and give them new strength.

With renewed health and vigor comes sound sleep. Every healthy person sleeps well—it is only the ailing who toss and roll half the night, and daze off the rest of the time, and rise in the morning as tired as when they went to bed. "Try-New-Life" gives the sound sleep that goes with every sound body.

Sold On Easy Payments

If you need a "Try-New-Life" machine, and do not feel like paying the full price at once, an arrangement has been made by which you can make on payment down and pay a small sum each week, and so cure yourself while you pay for the machine.

Or if you merely want it for a short time, a machine will be rented to you for a month. If you decide to buy at the end of the month, the rental you paid will apply on the purchase price.

Write at once to the Health Department of the New England Furniture & Carpet Co., Minneapolis, Minn., for a much more complete description of "Try-New-Life" and an explanation of the many wonderful things it will do for you and your family.

Live Agents Wanted

Agents are wanted to handle "Try-New-Life" in several of the best parts of the state which have not yet been awarded. Men of standing in the community, and with financial ability to handle the machine to the best advantage, are invited to write or to call on the manager of the Health Department of the New England Furniture & Carpet Co., Minneapolis, Minn. Please give experience in such lines, and references.

A Curious Anomaly.

Until a comparatively few years ago the Philippine Islands held their Sunday on the day which was Monday to the inhabitants of the neighboring island of Borneo. This curious anomaly arose from the historic fact that the Philippines were discovered by Spanish voyagers coming from the east round Cape Horn, while Borneo was discovered by Portuguese coming from the west, and sailors lost or gain a day according to their direction in crossing the Pacific.

Application for Liquor License

To the Council of the City of Brainerd, Minnesota:

The undersigned, R. R. Wise, hereby makes application for a license to sell intoxicating liquors, at, upon and in the room and premises described as follows, to-wit: No. 522 Front Street, on the ground floor, in the City of Brainerd, from March 13th, 1913, until March 13th, 1914.

Dated February 10th, 1913.

(Signed) R. R. WISE.

Said applicant has been licensed to sell intoxicating liquors in the City of Brainerd from March 4th, 1889, to March 13th, 1913.

Notice is hereby given that a hearing on the above application will be had on March 3rd, 1913, at 8:00 o'clock p. m. at the regular meeting of the City Council of the City of Brainerd.

Dated February 10, 1913.

V. N. RODERICK,
City Clerk.

Feb. 12-19.

WANTS

Notices under this head will be charged for at the rate of one cent a word for each subsequent insertion, strictly cash in advance, but no ad will be taken for less than fifteen cents.

HELP WANTED.

WANTED—Pan washer at Ransford hotel. 219t3

WANTED—Kitchen girl at West's restaurant. 220t3p

OUR COAL IS IN THE LEAD

when it comes to quality, and you will always find here the right kind for every purpose.

No matter what you need coal for—cooking, heating, power—we have

COAL THAT IS RELIABLE

and will prove satisfactory. There's two thousand pounds in every ton of our good coal, too.

EVERETT & HITCH

Application for Transfer of Liquor License

To the Council of the City of Brainerd, Minnesota:

The undersigned, J. D. Armstrong, hereby makes application to transfer his license to sell intoxicating liquors, at, upon and in the room and premises described as follows, to-wit: No. 721 Laurel street, on the ground floor, in the City of Brainerd, from March 4th, 1913, until April 3rd, 1913, to F. B. Winslow, No. 721 Laurel Street, ground floor.

Dated February 11th, 1913.

(Signed) J. D. ARMSTRONG.

Said transferee has been licensed to sell intoxicating liquors in the town of Deer River from April 11th, 1909, to April 11th, 1910.

Notice is hereby given that a hearing
